TERRY'S TIDBITS

November arrives with several items that we must examine and take the time to evaluate their impact.

Today is time change Sunday. We fall back an hour. The sun comes up sooner by our clock. The sun sets and night comes an hour before we anticipate. This causes us to be inside more. This changes our routine. It should give us an opportunity to read our Bible more.

Thanksgiving is just around the corner. So we can take the time to count our blessings. We can slow down just enough to be thankful. Make a list of the things that God has done in your life this year. Take the time to write these things down and share them with your family. When we look closely, we will have more than you think.

November also means that Christmas is close. Once again we can remember Christmas past. We can prepare for Christmas present. We can anticipate Christmas future. We never know what is ahead, but we can expect God to take care of us.

Bro. Terry
